FOR IMMEDIATE RELEASE

ON THE BALL

Lismore Base Hospital is now more than \$5,500 closer to a PET/CT scanner which will aid thousands of North Coast residents in the early detection of cancer.

The Far North Coast Law Society ('FNCLS') has donated these funds together with a further \$5,000 to the MNDA – a non profit organisation caring for families coping with Motor Neurone Disease.

Sean Radburn, FNCLS Treasurer announced that monies had been raised at the Society's annual Law Ball, staged at the Ballina RSL recently. The charity donations were made possible by the profits of the Law Ball and generous donations from many attendees.

If you would like to learn more about how you can help with either of these fantastic causes, contact the Far North Coast Law Society for further information: enquiry@farnorthcoastlawyers.com.au
